

Train Smarter. Swing Harder. Earn Real Rewards.

The first AI golf trainer that turns every swing into real value — powered by SGI token.

Swing real clubs. Train with AI. Earn SGI tokens. Get rewarded for your effort.

Exchange listing is coming — and players are already swinging.

● Why SmartGolf?

- AI golf training is **real** — not a concept
- Backed by PGA instructors and protected by global patents
- SGI token ecosystem built on top of proven real-world usage

● Key Metrics:

- 10+ years of R&D
- 4,200+ SmartGolf units shipped to 7+ countries
- 300K+ swings analyzed
- World's first patented AI swing coaching with real-time feedback

● Early Investor Benefits

- 50% token discount (private round)
- Up to 5% referral reward
- Governance & staking rights

● Token Utility

- Earn
 - Swing-to-Earn: Earn SGI tokens through **real** training
- Spend
 - Coaching, NFT gear, tournaments, betting entry
- Burn
 - Token burned through usage (betting, upgrades)
 - Capped minting ensures scarcity and value

● Already in Action

- Invited as partner at **VivaTech** (France) and **Expand North Star** (UAE)
- Endorsed by **PGA pros** (JJ Wood, Steven Parker, Steve Jurgenson)
- Adopted in **education programs** (Rice University STEM, Harris County in Houston)

● Roadmap Highlights

- Q2 2025 — Token smart contract deployed (SGi live on-chain)
- Q3 2025 — Launch staking & utility token features (CEX listing under partner review)
- Q4 2025 — Activate NFT swing minting & DAO voting rights

SmartGolf is more than a product — it's the first decentralized golf training system where effort turns into ownership.

Join the next revolution in sports tech. Let's build the future of golf.
