

World's First Real Web3 Golf Ecosystem

Backed by Patented Hardware, AI Technology, and Global Users

■ What Makes SmartGolf Different?

- Real product with worldwide users
- Patented AI swing technology and PGA-verified accuracy
- Every real swing becomes on-chain activity
- SGI is directly used, spent, and burned inside the ecosystem

■ Key Metrics (Real Proof)

- 10 years of R&D, PGA pro-endorsed accuracy
- 4,500 plus SmartGolf AIX units shipped globally
- Users in USA, Japan, Korea, Spain, New Zealand, Africa
- 300K plus analyzed swings, 120K plus community members 👥

■ SGI Token Utility

- Earn: Swing-to-Earn: Earn SGI tokens through real training
- Spend: AI Coaching, Advanced analytics, NFT minting, tournaments, betting entry
- Burn: Usage-driven burn model that strengthens long-term token value.

■ Token Summary

- Token: SmartGolf Token (SGI), Ethereum mainnet
- Total supply: 1,000,000,000 Circulating: 4,970,000
- Current Market Price: ≈ \$0.93 FDV: ≈ \$930M USD
- IEO Benefit: 5% SGI Bonus plus SmartGolf club for top 300 participants
- Token distribution Private 10%, Public 25%, Founder 5%, Team 8%, Advisor Ambassador 5%, Marketing 3%, Ecosystem and Rewards 12%, Liquidity 2%, DAO Reserve 30%.

■ Why SGI Has Strong IEO Potential

- Real usage and daily transactions from training
- Token spending plus burn mechanics
- Multi-sig treasury, audited contracts, KYC team
- Only Web3 sports token backed by real patented hardware
- Global user base accelerating organic demand

■ Security and Verification

- Smart contract audited by CertiK, team KYC completed
- Legal opinion confirms SGI as utility token
- Listed on CoinMarketCap / CoinGecko, 72% of supply locked in multisig

■ Roadmap Highlights

- Q3 2025: SGI live on chain, Launch dApp, and DAO voting
- Q4 2025: NFT swing minting and first CEX listing
- Q1 2026: Launch SmartGolf Plaza metaverse

The first decentralized golf training ecosystem where real swing effort becomes data, ownership, and SGI rewards

Join the future of Web3 sports.
